

Tavolino | Table top

Vaschette | Trays

Portarifiuti | Waste bin

#### DESCRIZIONE TECNICA

Struttura con linee arrotondate prive di spigoli, realizzata tramite assemblaggio di metallo e alluminio, verniciata a polveri epossidiche, garantendo ottima affidabilità, manovrabilità e stabilità.

Fronte del carrello attrezzato con cassetti stampati ad iniezione in ABS.

Maniglie di facile presa in materiale plastico ABS complete di porta etichette.

Cassetti in materiale plastico a estrazione totale con richiamo di chiusura, montati con guide a scomparsa.

Chiusura dei cassetti tramite serratura centralizzata.

Fianco destro con portarifiuti termoformato.

Piano superiore in materiale plastico facilmente lavabile e disinfettabile completo di 3 alzatine laterali.

Basamento in metallo con paracolpi laterali in gomma, completo di 4 ruote diam. mm 125 di cui 2 frenati e 2 girevoli.

#### TECHNICAL DESCRIPTION

*Rounded structure with no sharp corners, made with metal and aluminium, and painted with an epoxy powder coating, ensuring excellent reliability, manoeuvrability and stability.*

*Front of the trolley fitted with ABS injection-moulded drawers.*

*Easy-grip handles made from ABS plastic complete with label holders.*

*Fully removable, self-closing plastic drawers mounted on concealed runners.*

*Central locking drawers.*

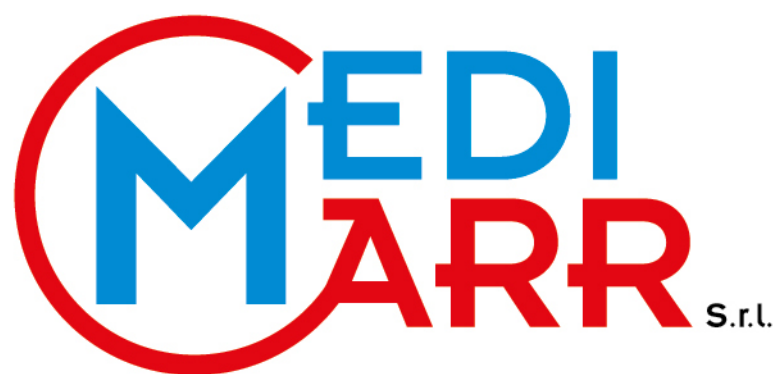

*Left side with 3 translucent containers featuring slide-out service top.*

*Right side with thermoformed waste bin.*

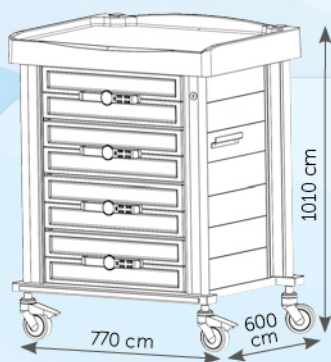

*Plastic trolley top that is easy to wash and disinfect, complete with 3 side upstands.*

*Metal base with rubber bumpers on the sides, complete with 4 wheels measuring 125 mm in diameter, 2 with brakes and 2 with casters.*
